

Website Client Review & Approval Document

Section-by-section feedback, navigation, imagery, CTAs, links & missing features

1. Purpose of This Document

We have designed the current website based on our understanding of the company, its brand, audience, business objectives, and what we believe is appropriate for the website. The next step is to review the website from the client's perspective and confirm what should stay, what should change, and what additional content or functionality is required.

Please inspect every section of the website carefully and provide feedback before final design/development approval.

2. Overall Website Review

- ☐ Is the overall website structure appropriate for the company?
- ☐ Does the website communicate the company's brand, positioning, products/services and value proposition correctly?
- ☐ Is any section unnecessary, repetitive, or not relevant to the company?
- ☐ Should any existing section be replaced with a different section?
- ☐ Is any important section missing from the website?
- ☐ Are there any features, integrations, forms, calculators, catalogs, downloads, or other functionality that should be included?
- ☐ Are there any legal or trust elements required, such as Privacy Policy, Terms & Conditions, certifications, registrations, disclaimers, or compliance information?
- ☐ Are there any specific competitor/reference websites whose structure or functionality should be considered?

3. Navigation Bar / Website Pages

Please confirm the pages that should appear in the main navigation bar.

Navigation questions:

- ☐ Which pages should be visible in the main navigation?
- ☐ Should any page be removed, renamed, merged, or added?
- ☐ Should any navigation item have a dropdown / mega menu?
- ☐ Which navigation item should be the primary CTA (e.g., Contact, Get Quote, Enquire Now, Book a Consultation)?
- ☐ Are there any important external links that should appear in the navigation?

4. Section-by-Section Website Review

For every section, please confirm whether the current content and design are approved. If changes are required, specify the exact change and provide the required content/assets wherever possible.

Hero Section

Purpose: The first impression and primary value proposition of the website.

- ☐ Is the headline accurate and approved?

- ☐ Is the supporting text accurate and approved?
- ☐ Is the hero image/video appropriate? If not, provide a replacement.
- ☐ Should there be one or more additional CTA buttons?
- ☐ What should each CTA button say and where should it link?
- ☐ Should the hero include a product image, people, project image, factory/showroom image, certification, statistic, or another visual?
- ☐ Are there any claims, numbers, awards, certifications, or trust indicators that should be added?

Testimonials / Client Reviews

Purpose: Build trust through customer feedback and social proof.

- ☐ Should testimonials be included?
- ☐ Please provide approved testimonial text.
- ☐ Please provide client name, designation/company, photo and logo where permitted.
- ☐ Should testimonials link to external review platforms?

Certifications / Awards / Partners

Purpose: Demonstrate credibility, standards and business relationships.

- ☐ Which certifications, awards, memberships or partner logos should be displayed?
- ☐ Please provide high-resolution logo/certificate assets.
- ☐ Are there restrictions on how these logos can be used?

Call-to-Action Sections

Purpose: Guide visitors toward the next business action.

- ☐ Are the current CTA buttons sufficient?
- ☐ Should additional CTAs appear in other sections?
- ☐ What action should the website prioritize: enquiry, quote request, call, WhatsApp, email, consultation, product catalogue download, dealer enquiry, etc.?
- ☐ Please confirm the exact CTA text and destination for each button.

Contact Section / Footer

Purpose: Provide clear ways to contact the company and access important links.

- ☐ Are phone numbers, email addresses, office addresses and business hours correct?
- ☐ Should WhatsApp, social media, Google Maps or other contact links be included?
- ☐ Which pages should appear in the footer?
- ☐ Are Privacy Policy, Terms & Conditions, Cookie Policy or other legal links required?
- ☐ Should there be a contact/enquiry form? If yes, what fields are required?

5. Image & Visual Asset Requirements

Please identify which existing images are approved and which images need to be replaced. Any replacement images supplied by the client should match the website's existing visual direction, color palette, lighting, composition and premium/brand tone so that the website remains visually consistent.

- ☐ Which existing images should remain unchanged?
- ☐ Which images should be replaced?
- ☐ Which sections require new images from the client?
- ☐ For each new image, please specify what the image should show and where it should be used.
- ☐ Please provide original/high-resolution images wherever possible rather than screenshots or compressed social-media images.
- ☐ Are there brand-specific image guidelines we should follow?

6. Image / Asset Submission Sheet

Section	Required Asset	Client Will Provide?	File / Link	Notes
Hero		☐ Yes ☐ No		
About		☐ Yes ☐ No		
Products / Services		☐ Yes ☐ No		
Gallery		☐ Yes ☐ No		
Testimonials		☐ Yes ☐ No		
Certifications / Awards		☐ Yes ☐ No		
Other		☐ Yes ☐ No		

7. CTA & Link Requirements

Please review every button, text link, card, image and clickable element across the website and confirm its destination.

Section / Element	CTA / Link Text	Destination	New Link Required?	Notes
Hero				
Products / Services				
Testimonials				
Contact				
Footer				
Other				

- ☐ Do you require any other custom functionality? Please describe.

8. Content Verification

- ☐ Company name and branding are correct.
- ☐ All product/service names are correct.
- ☐ All descriptions and technical information are accurate.
- ☐ Phone numbers and email addresses are correct.
- ☐ Office/factory/showroom addresses are correct.
- ☐ Certifications, awards and statistics are accurate.
- ☐ All claims and marketing statements are approved.
- ☐ All images/logos are approved for website use.
- ☐ No confidential or outdated information is displayed.
- ☐ All required legal/compliance content has been provided.

9. Final Client Review & Approval

After reviewing the complete website, please provide all required changes together so that the design and development team can incorporate them efficiently.

- ☐ The current website structure is approved.
- ☐ The navigation/pages are approved.
- ☐ All sections are approved or required changes have been listed.
- ☐ All required images/assets have been identified.
- ☐ All CTA buttons and links have been confirmed.
- ☐ All missing features/sections have been identified.
- ☐ All content corrections have been provided.
- ☐ The website is ready for the next stage after the listed changes are implemented.
